Unclaimed Property Program

This handbook has been prepared to assist investigators in locating and reuniting owners or their heirs with unclaimed property.

California's Unclaimed Property Program is administered by the State Controller's Office (SCO), Unclaimed Property Division. The program includes two types of property, abandoned property and county probated estates of deceased persons.

Abandoned Property

The statutes and regulations governing the administration of the Unclaimed Property Law related to abandoned property are provided in the Code of Civil Procedure (CCP), Sections 1500 - 1582, and in the California Code of Regulations, Administrative Code, Title 2, Division 2, Chapter 2, Subchapter 8, Articles 1 - 5.

Holders of abandoned property are required to remit such property to the SCO when the holder has had no contact with the owner for a set period of time as provided by law. The property owner may have forgotten about the property or, in some instances, may never have known of its existence. The property is held in perpetuity by the SCO, and there is no deadline for the rightful owner to file a claim.

Examples of abandoned property include savings accounts, checking accounts, certified checks, drafts, dividend and interest payments, wages, pension funds, stocks, mutual funds, bonds, debentures, and credit balances.

County Probated Estates of Deceased Persons

Estates of deceased persons are remitted to the SCO under provisions of the Probate Code and the CCP, Section 1300 et seq. Unlike abandoned property which is held in perpetuity, estates of deceased persons permanently escheat and are no longer available to claim after set periods of time by operation of law.

Judicial Escheat- Estates with Named Heirs

Estates in the amount of \$1,000 or greater with named heirs are subject to judicial escheat.

After the SCO has held estates of deceased persons' properties for a period of five years, it forwards a list of the estates to the Office of the Attorney General. The Attorney General publishes the decedents' names and the decedents' named heirs in a newspaper of general circulation in the counties where the estates were probated. After publication of the names, the Attorney General consults with the SCO to identify any estates where a valid claim has been established against the estate. If no claim activity has been made on an estate, the Attorney General obtains a permanent escheat court order. Five years from the date of the court order, the estate is permanently escheated by operation of law and all future claims are barred. Estate properties in the amount of \$1,000 or greater with named heirs are subject to claim for a period of 10 years after the estate is remitted to the SCO.

Administrative Escheat-Estates with Named Heirs

Estates under \$1,000 with named heirs are subject to administrative escheat.

Five years from the date the SCO receives the estate property, the SCO publishes a legal notice in a newspaper of general circulation in San Francisco, Los Angeles, and Sacramento. Additionally, a list of estates, including named heirs that are subject to permanent escheat is on display in the offices of the State Controller in Sacramento and Los Angeles, and in the California State Library- Sutro in San Francisco. Five years from the newspaper publication date, these estates are permanently escheated by operation of law and all future claims are barred. Thus, estate properties under \$1,000 with named heirs are subject to claim for a period of 10 years after the estate is remitted to the SCO.

Estates with No Named Heirs

Estates with no named heirs permanently escheat five years from the estate's probate date, regardless of when the SCO receives the estate. Permanent escheat occurs by operation of law. Thus, estate properties with no named heirs are subject to claim for a period of five years from the date on which the estate is probated.

Exception to Judicial and Administrative Escheat

Infants and persons of unsound mind may present a claim for property that has permanently escheated provided as follows:

- Infants must have been born prior to the end of the permanent escheat period and must be 19 years of age or younger when the claim is presented for payment.
- Persons of unsound mind must file their claims within one year after their respective disabilities cease.

Investigator Guidelines

To register as an investigator/heir finder, the following hard copy documentation is requested by the SCO before the investigator/heir finder enters into contracts with potential owners:

- A list of employees authorized to represent your business in contacting our office or the public through written correspondence (letters, e-mail) or by telephone. The list should include the physical address for the business, mailing address for business, and email address of the employees.
- Copies of photo identification for all employees (i.e., driver license, passport, or other photo identification card).
- A copy of a document showing the Social Security number to be used for claim payment or a document showing the tax identification number for your business.
- A list of all telephone, cellular, and facsimile numbers used by your business.
- A copy of your Private Investigator's License, if applicable; however this is not a requirement.

Send completed information to:

State Controller's Office
Unclaimed Property Division
Attn: Investigator Unit
PO Box 942850
Sacramento, CA 94250-5873

An investigator/heir finder may not enter into contract with potential owners of abandoned property until (a) the abandoned property has been in the SCO's possession for at least 12 months or (b) the SCO causes a notice to be published in a newspaper of general circulation, pursuant to the Code of Civil Procedure (CCP) Section 1582, which states, in part:

"...records of the State Controller's Office pertaining to unclaimed property are not available for public inspection or copying until after publication of notice of the property or, if publication of notice of the property is not required, until one year after delivery of the property to the State Controller's Office."

The SCO, generally, shall cause a notice to be published pursuant to this section close to June of each year, which is the time period that most remit abandoned property reports are due from holders. You may call our office a month before this time period to obtain the exact date of publication. Information on estates of deceased persons is not subject to this time restriction.

Heir Finder/ Investigator Representation

Be advised that investigators and heir finders may not represent themselves as employees or representatives of the SCO. Heir finder or investigator contracts are business transactions that exist solely between the heir finder/investigator and his or her client(s). Please refer to the Business and Professions Code Section 17533.6 (a), which states:

(a) It is unlawful for any person, firm, corporation, or association that is a nongovernmental entity to solicit information, or to solicit the purchase of or payment for a product or service, or to solicit the contribution of funds or membership fees, by means of a mailing, electronic message, or Internet Web site that contains a seal, insignia, trade or brand name, or any other term or symbol that reasonably could be interpreted or construed as implying any state or local government connection, approval, or endorsement, unless the requirements of paragraph (1) or (2) have been met, as follows:

(1) The nongovernmental entity has an expressed connection with, or the approval or endorsement of, a state or local government entity, if permitted by other provisions of law.

(2) The solicitation meets both of the following requirements:

(A) The solicitation bears on its face, in conspicuous and legible type in contrast by typography, layout, or color with other type on its face, the following notice:

"THIS PRODUCT OR SERVICE HAS NOT BEEN APPROVED OR ENDORSED BY ANY GOVERNMENTAL AGENCY, AND THIS OFFER IS NOT BEING MADE BY AN AGENCY OF THE GOVERNMENT."

(B) In the case of a mailed solicitation, the envelope or outside cover or wrapper in which the matter is mailed bears on its face in capital letters and in conspicuous and legible type, the following notice:

"THIS IS NOT A GOVERNMENT DOCUMENT."

(b) Except as provided in subdivision (c), any business that solicits the purchase of, or payment for, a service by means of an unsolicited mailing that offers to assist the recipient in dealing with a state or local governmental agency shall do both of the following:

(1) State on the envelope and in the mailing that the business is not a governmental agency and is not associated with the governmental agency referenced.

(2) Include in the mailing the contact information for the governmental agency referenced.

(c) Subdivision (b) shall not apply if either of the following requirements has been met:

(1) The business has an expressed connection with, or the approval or endorsement of, a state or local governmental entity, if permitted by other provisions of law.

(2) The business has an "established business relationship," as defined in Section 1798.83 of the Civil Code, with the recipient.

Available Unclaimed Property Information

Notifications to Investigators

All notifications to Investigators/Heirfinders will only be made via our electronic mail notification service. To subscribe to our electronic mail service, please go to our website at: www.sco.ca.gov/upd_investigator_notice.html. All notices will also be posted at this website. The SCO Web site, at <http://www.claimit.ca.gov>, provides a wealth of important information on California's Unclaimed Property Program. An informational box labeled "Info for Investigators" with links relevant to Investigators is available on the Web site at http://www.claimit.ca.gov/upd_msg.html

Internet

Abandoned Property Records

Abandoned Property records are maintained by the Unclaimed Property Division of the SCO. The most current information for abandoned property records can be accessed via the SCO Web site at <http://www.claimit.ca.gov> in the "Online Claim Services" box. The Web site is updated weekly to remove properties that have been claimed and also to add new properties remitted to the SCO.

Unclaimed Property records in the Controller's public database can also be downloaded in .CSV format via the main Unclaimed Property landing page at https://www.sco.ca.gov/upd_msg.html by selecting the link labeled Download Unclaimed Property Records. The records can be sorted as permitted by the database program being utilized (Excel, Google, etc.). Some of the files are very large and a broadband connection is highly recommended. The files will be updated on a weekly basis. The Controller's team does not provide technical support.

Estate of Deceased Persons Property Records

Estates of Deceased Persons' records are maintained by the Unclaimed Property Division of the SCO. The most current information for estates of deceased persons' records can be downloaded free of charge via the SCO website at http://www.sco.ca.gov/upd_msg.html.

Estates of Deceased Persons Property Search

Information Available on SCO Website

The SCO receives estate accounts semi-annually from the various counties in California. The estates information file includes the SCO property identification number (as well as the legacy identification 'E' number where available), the name of the decedent (where available), and the amount and date received. Properties may also include the county name, probate number, names of heirs, decedent aliases, and remaining property balance. Additional information on a probated estate may be obtained from the county clerk's office in the county of probate.

The estates of deceased persons electronic file (Microsoft Excel format) lists all estate properties in the system, including ones previously paid and/or escheated. Please note: The status of these properties, once published is subject to change at any time, without further notice. Please contact the SCO to verify availability of Estate funds prior to any client activity.

Using the Electronic File

Accessing the Estates File

Microsoft Excel 2007 is needed to open and navigate the ".xlsx" file found on the CD. If you do not have access to a valid copy of Excel 2007, you may download a free viewer application directly from Microsoft's website. Please note: The link provided here is valid at the time this document was published. All technical questions pertaining to the operation of this application should be directed to Microsoft; State Controller's Office Personnel will not be able to troubleshoot issues with this application. Additionally, some functions normally found in Excel (such as sorting) may not be available with the viewer application.

Estates File

The Estates File contains four tabs: Estates File, Decedent Index, Heir Index, and Price Index. Note: If sorting an index, care should be taken to sort all fields (columns) together, so as not to disconnect relevant records (rows).

Estates File Tab - contains all relevant property information in an easy to view format; it is shown in ascending order of when the property was received [newer properties at the bottom] (this is achieved using the combination of the 'received date,' the Property ID with an 'E', and finally the longer, solely numeric Property ID number). This tab **SHOULD NOT BE SORTED**; doing so will break the relationship between the property and any additional decedent aliases, heirs and/or escheat comments. "Search" these records using the Find option (Ctrl + F)

Decedent Index Tab - can be used to sort by any of the criteria attached to the property that is associated with the decedent, such as name, received date, probate number (where available), probate date (if present), probate amount, current balance, aliases (if any), and county.

Heir Index Tab - can be used to search information related to any known heirs: name and/or entitled amount (current property balance is also shown).

Price Index Tab- convenient way to view the county, property balance, and Property ID Number.

Estates File Fields

The following describes the information provided in the Electronic Estates File:

- Account Number - The Property ID number assigned by the State of California's Unclaimed Property System. (Also shows the legacy 'E' number [applicable to old accounts only])
 - Decedent's Name - Name as reported from the County of where the probate process was initiated.
 - Received Date - The date the property was received by the Controller's Office.
 - Probate Date - This is the date probate was closed (this date is established on the Final Decree of Distribution which is signed by a judge).
 - Probate Number - Probate number assigned by the county reporting the estate
 - Probate Amt - Amount reported.
 - Current Balance - The balance that is available to be claimed at the time the electronic file is created.
 - County Name - The name of the county where the probate process was initiated.
 - Decedent's Aliases - This field lists any alias, or aliases that the decedent may have used, which therefore may also show up on relevant documentation associated with the decedent.
 - Heirs / Other Beneficiaries - This field lists the names of heirs, if they have been specified in the county records at the time of escheatment.
 - Entitled Amount - This is the amount specified in the Final Decree of Distribution, that each of the named heirs is entitled to.
 - Escheat Comments* - Comment(s) associated with the transaction that permanently escheats funds to the State.
 - Escheat Date* - Date the permanent escheat transaction was recorded.
- * These two fields will only be present where an escheatment has taken place; properties without these fields should either have a balance to be claimed, or were previously claimed and therefore never escheated.

Records Contained in Estates File

The California State Controller's Office has converted the records contained in the file from older legacy systems that are, or have been phased out from mainline use. While it is the intent of the California State Controller's Office to provide to the public, the most useful information possible, some records in this Estates File contain material that may not be completely clear.

Abandoned Property Claims

Standard Investigator Agreement

The SCO has developed a Standard Investigator Agreement to facilitate the filing of claims by investigators. The agreement is located in Appendix B of this handbook and may be duplicated as needed.

If the property has been reported to the SCO and publication of the property has not yet occurred, any contract entered into with an investigator and potential owner(s) is null and void. Similarly, if the property has been reported to the SCO and publication has occurred in the manner provided in Section 1531 of the Code of Civil Procedure, regardless of whether the property is still being held by a business or government agency, the contract is subject to the ten percent limitation.

Investigator Fees

The fees investigators may charge to cover the costs of their efforts to reunite owners with unclaimed property are set forth in *Code of Civil Procedure* (CCP) Section 1582, which states:

“No agreement to locate, deliver, recover, or assist in the recovery of property reported under Section 1530, entered into between the date a report is filed under subdivision (d) of Section 1530 and the date of publication of notice under Section 1531 is valid. Such an agreement made after publication of notices is valid if the fee or compensation agreed upon is not in excess of ten percent (10%) of the recoverable property and the agreement is in writing and signed by the owner after disclosure in the agreement of the nature and value of the property and the name and address of the person or entity in possession of the property. Nothing in this section shall be construed to prevent an owner from asserting, at any time, that any agreement to locate property is based upon an excessive or unjust consideration.

Notwithstanding any other provision of law, records of the State Controller's Office pertaining to unclaimed property are not available for public inspection or copying until after publication of notice of the property or, if publication of notice of the property is not required, until one year after delivery of the property to the State Controller's Office.”

Agreement Provisions

All investigator agreements submitted must be in compliance with CCP Section 1582. The SCO must review all investigator agreements to ensure compliance with the statute. To facilitate claim processing, the SCO recommends the use of the Standard Investigator Agreement. An original agreement created by an investigator and an attorney must contain all of the essential elements of the Standard Investigator Agreement. It is advisable to have a new investigator agreement reviewed by the SCO before submitting it with a claim package.

Per CCP Section 1582, an investigator is required to provide full disclosure of the unclaimed property in the contract information. Full disclosure includes:

1. Owner name as reported by the holder;

2. Owner address as reported by the holder;
3. Reported amount of the property;
4. Name and address of the holder; and
5. Name and address of the SCO, Unclaimed Property Division

When one claim package includes claims for multiple properties, full disclosure is required for each property. The Standard Investigator Agreement-Contract Attachment in Appendix B of this handbook provides for the reporting of the disclosure information.

Agreement Required for Each Claimant

It is not unusual for a reported owner of unclaimed property to be deceased and his or her property is being claimed by one or several heirs. A fully executed agreement and claim form must exist for each owner/heir claiming the property. The SCO must approve each agreement before the claim package is processed. The Standard Investigator Agreement allows up to two claimant signatures on a single agreement. More than two claimants will necessitate an additional agreement(s).

For example, if there are five owners/heirs to a property and a valid executed agreement is received on two of the owners/heirs, the investigator fees will be paid according to the agreement for those two claimants only.

Standardized/Non-Standardized Agreements

Investigator agreements submitted on the SCO standardized agreement form are preferred. A claim package submitted with a non-standardized agreement may delay the evaluation process because of the extra staff time required to analyze the agreement for compliance with CCP Section 1582. Agreements that do not comply with the law will be rejected.

Power of Attorney

Powers of Attorney (POA) may not be accepted in lieu of a claimant's signature on the claim form or investigator agreement. The claim must be verified by the claimant per CCP Section 1540(a). Exceptions may be considered in cases where a POA is necessitated by a medical condition that prevents the claimant from signing the claim form. In such a case, the claim is referred to our legal office for determination. All claim packages signed by a POA that do not contain medical verification signed by a licensed physician will be denied without consideration.

Claim Package

A claim package is a group of documents submitted to the SCO to validate a request for payment of unclaimed property.

1. The claim package shall include a properly executed Investigator Agreement, signed and dated by the investigator and each claimant. Notarization of this agreement is not required.
2. The claim package shall include a completed Claim for Abandoned Property for each claimant; this form is located in Appendix B of this handbook. The form should be duplicated onto yellow paper to ensure that investigator claims can be easily identified by the SCO upon receipt. Use of the forms provided helps expedite the claim process.
 - a. The claimant must sign and date the claim form and the claimant's signature must be notarized if the total value of the cash properties is \$1,000 or more. All claims for securities and safe-deposit box properties must also be notarized.
3. A document to verify the claimant's current address is required.
4. A document that shows proof of the claimant's SSN/tax identification number must be provided with the claim package. Non-residents of the United States of America may submit a Temporary SSN, an IRS Form W8 BEN, or an Individual Taxpayer Identification Number (ITIN) in lieu of SSN/Tax Identification Number.
5. A claim package that does not contain all documents needed to validate the claim may be returned to the investigator with a letter describing the additional documentation needed. Please review the filing instructions before submitting a claim. The documentation needed will vary based on the type of property being claimed and the relationship of the claimant to the reported owner of the property. Once a claim package is received, the property is removed from our Web site while the claim is being processed.

Please select from one of the links below to view and print the filing instructions and documentation needed to substantiate your claim. (<http://www.claimit.ca.gov> in the "Info for Investigators" box, under "Investigators Handbook & Forms")

- **Filing Instructions For A Property Owner**

Select the link above if the claimant (your client) is the reported owner listed on our records.

- **Filing Instructions For Heir Filing A Deceased Owner Claim**

Select the link above if the claimant (your client) is an heir, trustee, or personal representative/executor/administrator of the deceased owner of the property listed on our records.

- **Filing Instructions For A Business**

Select the link above if the claimant (your client) is an officer of the business with authority to claim property on behalf of the business listed on our records.

- **Filing Instructions For A Government Agency**

Select the link above if the claimant (your client) is an officer with authority to claim property on behalf of the Government Agency listed on our records.

Documentation by Property Type

Following is a list of acceptable documents that can be submitted with your claim for the type of property indicated below. Only one of the documents listed for the property type may be needed.

Savings or Checking Accounts

- Account statement
- Bank passbook
- Correspondence from the bank that displays the account number

If the account statement or passbook is unavailable, then proof of residence at the address shown on the property reported to the State Controller's Office is required.

Stocks, Dividends, Bonds, or Debentures

- Original stock certificate
- Original dividend check
- Original bond
- Original debenture

Account Statement

If the original certificate is not available, then the SCO may allow other documentation, such as verification of occupancy at the registered address, proof of purchase, or a cancelled dividend check. The SCO may require a lost instrument bond from the claimant when this documentation is unavailable.

California's Unclaimed Property Law (CCP Section 1563), requires the SCO to sell securities no sooner than 18 months, but no later than 20 months, after the final date for filing the report required by CCP Section 1530. If a claimant's securities have been sold, the law no longer provides for interest to be paid on any claims.

Note: The SCO is not authorized to buy back the claimant's shares, nor make up the difference in sale proceeds in the event that the market value of the stock increased between the date it was sold and the date of the claim.

Life Insurance Accounts

- Insurance policy
- Insurance statement

If the policy or statement is not available, proof of residence or occupancy at the address shown on the property as reported to the SCO is required.

Escrow Accounts

The buyer/seller closing statement is required. If the statement is not available, then the claimant is required to show proof of residence or occupancy at the address shown on the property as reported to the SCO. However, if the unclaimed property account shows both buyer and seller, the claimant must establish their legal entitlement to the escrow deposit and disputed escrow funds. To prove entitlement, the claimant must submit documentation from the escrow or title company that specifies the distribution of the escrow funds or court documentation indicating rightful ownership to the funds.

Negotiable Instruments, Certified Checks, Money Orders, or Travelers Checks

Additional documentation is needed to verify claims for negotiable instruments. Generally, the original instrument must be submitted. If the original instrument is not available, then other documentation is required, including a declaration of loss under Commercial Code Section 3312. For further instructions, contact us at 1-800-992-4647.

Safe Deposit Box Contents

- Account statement

If the statement is not available, then proof of residence or occupancy at the address shown on the property account is required. If proof of residence is not available or if the reporting agency did not report an account owner's last known address, then evidence must be submitted proving an association with the reporting agency.

California's Unclaimed Property Law requires the State Controller's Office to sell the contents of safe-deposit boxes if the contents appear to have monetary value. However, no sale shall be made pursuant to this subdivision until 18 months after the final date for filing the report required by CCP Section 1530. Cash received or proceeds from the sale are used to satisfy any bank liens. Remaining proceeds are credited to the owner's account until a claim is presented. The law does not provide for interest to be paid on any claims. In the event that the contents of a safe-deposit box are not sold and a claim is presented, the State Controller's Office, upon proof of ownership, returns the property by insured/registered mail after the claimant pays any liens on the safe-deposit box.

If lien amounts are owed to the bank at the time of escheatment, that information is reported to the State Controller's Office. Liens are paid to the bank 1) when cash is found in the box, 2) with proceeds from the sale of safe-deposit box contents, or 3) by the claimant when ownership has been verified.

Social Security Verification

The reported Social Security number of the owner of the property is required and can be verified by providing a copy of one of the following:

- Social Security card
- Income tax return
- W-2 form
- Pay voucher or pay stub

Non-English Documents

If the document submitted to substantiate the claim is not in English, then the entire document must be translated to English, and the translated document must be submitted along with the non-English document.

The translation must be authenticated. If the document is translated at an embassy, then the seal of the embassy must be affixed to the translation as authentication. If the document is translated at a college or university where the language is taught, then the translation must be written or printed on letterhead of the institution and must be signed by the instructor who translated it.

Organizing, Referencing, and Indexing the Claim Package

Documentation to substantiate complex claims should be organized, referenced, and indexed to facilitate the evaluation of the claim package. A package submitted with documentation that is not organized, referenced, and indexed may be returned to the investigator for reassembling. Properly assembled claim packages help expedite the claim process.

Multiple Claims and Confidential Information

When more than one investigator service submits a claim for the same property, or an individual submits a claim and an investigator, acting on behalf of that individual, also submits a claim, the SCO notifies all parties in writing of the competing claims. The claimant is then required to notify the SCO and all parties (in writing) what claim package to honor. Once this information is received by our office, we will process the honored claim if all of the information provided is sufficient to prove ownership.

If competing claim packages are submitted by different claimants and contain conflicting information, then those claim packages may be submitted to our Legal Office for determination. Our Legal Office will determine which party, if any, is the rightful owner of the property. Documentation submitted by each party is treated confidentially.

Submitting a Claim Package

A claim package may be submitted to the SCO by any of the following methods:

U.S. Mail – Sent to the following address:

State Controller's Office
Unclaimed Property Division
Consumer Services Unit
P. O. Box 942850
Sacramento, CA 94250-5873

Expedite/Overnight Delivery – Delivered to the street address given below.***Delivery in Person – Delivered to the following address:***

State Controller's Office
Unclaimed Property Division
10600 White Rock Road, Suite 141
Rancho Cordova, CA 95670

Claim Status

The SCO shall consider a claim package within 180 days of receipt of all documentation that substantiates the claim. The claim package documents are reviewed for compliance with the Unclaimed Property Laws and to the documentation provided must substantiate the claim in order to be paid. The following statuses are assigned to each claim package during the claim process:

Received

The claim package has been received.

Approved

The claim package has been approved and is pending payment.

Paid

The claim has been paid.

Dropped (Closed)

The claim package has a deficiency in one or more of the following areas:

- Claim Form – The claim form is incomplete or is not signed and notarized.
- Investigator Agreement – The agreement is incomplete or is not in compliance with CCP Section 1582.
- Documentation – The documentation is insufficient to prove claimant's entitlement to the property.

Dropped/closed claims are returned to the investigator. An investigator may reopen a dropped/closed claim by submitting an updated standard investigator agreement, a yellow claim form, and all documentation required to validate the claim request.

Denied

The SCO notifies the investigator in writing if the documentation submitted indicates that:

- The person claiming the property is not the correct owner/heir of the property;
- A claim against this property is already in process. This may be a duplicate claim by the claimant or one filed by another individual; or,
- The property was previously paid.
- The investigator is notified if he or she failed to submit documents requested by the SCO.
- If a claim is denied, it can be appealed by submitting a letter for an informal appeal to the SCO Legal Office within 30 days of the date of the UPD denial letter. Upon receipt of the informal appeal letter, the Legal Office will review the file and may request additional evidence or schedule a hearing. The SCO Legal Office will provide a written response to the claimant of their decision to uphold the denial or approve the claim. The claimant also has the option to bring an action to establish a claim in the superior court of any city or county in which the Attorney General has an office. This action must be filed within 90 days of the date of the UPD denial letter, not the Legal Office's appeal decision letter.

Payment of Claims

Investigator claims are paid according to the procedures below. Exceptions may be considered in extenuating circumstances, but only upon the written request by the claimant.

1. The payments are recorded against the claimant's Social Security or tax identification number.
2. Whenever the claimant/heir resides in a foreign country, special processing of the payment may be considered.
3. Investigator fees must be agreed upon by the claimant and the investigator prior to submitting the claim and may not exceed a maximum ten percent (10%) of the value of the claim.
4. The SCO pays claims submitted by investigator and heir finders companies as follows:
 - a. In cases where the wording in the Investigator Agreement specifically assigns to the investigator/heir finder a percentage of the payment, we will mail two warrants for each claim. One warrant, made payable to the claimant, will be mailed directly to the claimant for his or her agreed-upon percentage; and a second warrant, made payable to the investigator/heir finder, will be mailed directly to the investigator/heir finder for his or her agreed-upon percentage. An example of wording in an Agreement that would allow for two warrants to be mailed is: ***"Claimant assigns to the Investigator a percentage not to exceed 10% of the net assets which the Claimant in fact recovers."***

- b. In cases where the wording in the Investigator Agreement does not specifically assign to the investigator/heir finder a percentage of the payment, a warrant for the entire payment, made payable to the claimant, will be mailed directly to the claimant at the mailing address of the claimant provided on the claim form.

At the time the claim is approved, a letter will be mailed to the claimant informing them that even though they will be receiving the payment directly, they are not relieved of any contractual obligation they may have with the investigator/heir finder with whom they signed a contract. We will also send the investigator/heir finder a copy of this letter.

- c. Claim payments for unsold securities split between investigator and claimant will be transferred in whole share increments only. If the split of the shares results in a fraction, the owner's shares will be rounded up. If the investigator/heir finders are entitled to an additional fraction of a share under their contract, it will be the investigator/heir finder's responsibility to collect this amount directly from the owner. We will send a letter to the claimant informing them that the rounding of fractional shares in their favor does not relieve them of any additional contractual obligation they may have with the investigator/heir finder company.
- d. The contents of a safe deposit box will be mailed directly to the claimant. Only one claimant may be designated to receive the contents of the box.

Interagency Intercept Program

Effective September 2, 2009, all cash claims and claims paid by proceeds of liquidated stock became subject to offset by the Franchise Tax Board's Interagency Offset Program. Therefore, if a claimant owes a debt to a California state agency, city or county, the payment will be intercepted and reduced by the amount of the debt. Any remaining balance of the claim payment will be sent to the claimant. If the claim is offset, the FTB will send a notification letter to the claimant; the investigator will not be notified. This process will not affect the investigator's payment provided the Investigator Agreement specifically assigned the investigator/heir finder a percentage of the payment. If the Investigator Agreement did not specifically assign a percentage to the investigator, the entire payment will be subject to the offset.

Note to Investigators: Please advise your client to contact the agency listed on their letter if they have any questions. The SCO only has general information regarding the offset and is not made aware of the offset until it occurs.

Report of Interest Income

Beginning in August of 2003, the Unclaimed Property Law no longer provides for interest to be paid on claims. However, for claims paid or approved prior to July 21, 2003, the State Controller's Office is required to issue a 1099 statement indicating the amount of interest paid to an owner of unclaimed property.

Estates of Deceased Persons Claims

Standard Investigator Agreement - Estates

The investigator may not represent the owner/heir while claiming an estate of a deceased person unless an agreement is on file with the SCO. The SCO has developed a Standard Investigator Agreement - Estates to facilitate processing of the claim package. The agreement can be found in Appendix B of this handbook and may be duplicated.

Agreement Required for Each Claimant

A fully executed agreement must exist for each owner/heir entitled to the account. The SCO must approve each agreement before the claim package can be processed.

Payment of investigator fees is the responsibility of the claimant. The SCO monitors the fees that investigators charge.

Standardized/Non-Standardized Agreements

Investigator agreements submitted on the Standardized Investigator Agreement are recommended. An agreement submitted on a non-standardized form requires additional processing time to ensure that the agreement conforms to laws governing the payment of estates of deceased persons. An agreement that does not conform to the law is rejected.

Estates of Deceased Persons with Named Heirs

The named heirs of an estate may claim the estate regardless of the value of that estate on a Claim for Estate of Deceased Person without court action per CCP Section 1352. A sample of the claim form can be found in Appendix B of this handbook.

Heirs of the named heir of an estate may also claim estates valued at less than \$60,000 on the Claim for Estate of Deceased Person without a court action. However, when the estate is valued at \$60,000 or more, the heirs of the named heirs must file a petition under CCP Section 1355. In addition, if the decedent died before June 8, 1982, then the petition must include a stipulation for the deduction of any inheritance tax due.

Estates of Deceased Persons without Named Heirs

For claims of \$60,000 or more for estates with no named heirs, the claimant must file a petition in the superior court of any city or county in which the Attorney General has an office (San Diego, Sacramento, San Francisco, or Los Angeles). If the decedent died before June 8, 1982, the petition must include a stipulation for the deduction of any inheritance tax due.

At least 20 days before the hearing of the petition, the claimant must send a copy of the petition and notice of hearing to the SCO. Please include a claim package with the petition and notice of hearing. (Please refer to CCP Section 1355 for documentation required.)

Claim Package

A claim package is a group of documents submitted to validate a request for payment of an estate of a deceased person. All claim packages are processed on a first-in first-out basis, as received by the SCO.

To expedite the claim process, please provide the following documentation with the claim package:

1. A properly executed Standard Investigator Agreement – Estates for each claimant.
2. A Claim for Estate of Deceased Person signed by the claimant and notarized. The investigator must also sign the claim form. Notarization of the investigator's signature is not required.
3. All documents marked with an "X" by the SCO in Section A of the claim form. The SCO recommends that you contact our office before submitting the claim package so that the SCO can advise you of the documentation required, based on the particulars of the estate. In addition, the SCO will send you the claim form on blue paper so that upon its return, it is directed to the appropriate staff for processing.
4. A birth, death, or marriage certificate of the decedent, named heir, or both that proves the claimant is the heir to the decedent's estate if the claimant is not a named heir of the estate.
5. A current photo identification such as a driver's license or State-issued ID card of the claimant.
6. A document that proves the Social Security number or tax identification number of the claimant.
7. The Final Decree of Distribution for the decedent's estate, if the SCO does not already have this document.

Additional documents may be required if the documentation provided does not prove the blood relation of the claimant to the estate's decedent. Additional documents that may be required include a Table of Heirship; a Declaration under Probate Code Section 13101; other birth, marriage, or death certificates of blood relatives; census reports; genealogy charts; and/or an Application for Social Security Account Number (SS-5).

Organized, Referenced, and Indexed Files

Documentation substantiating complex claims should be organized, referenced, and indexed to facilitate the evaluation of the claim package. A package submitted with documentation that is not organized, referenced, and indexed may be returned to the investigator to be reorganized or referenced. Properly assembled claim packages expedite the claim process.

Multiple Claims and Confidential Information

When more than one investigator submits a claim for the same estate on behalf of the same claimant, the SCO notifies each investigator of the other claim. The claimant must designate one investigator to represent his/her claim to the SCO within 30 days. The claimant must also notify the investigators of the designation. The SCO is unable to continue processing the claim until the issue is resolved. In such instances, all information submitted by either investigator regarding the claim is held confidential.

Submitting a Claim Package

A claim package may be submitted to the Unclaimed Property Division by any of the following methods.

U.S. Mail – Sent to the following address:

State Controller's Office
Unclaimed Property Division
Consumer Services Unit
P. O. Box 942850
Sacramento, CA 94250-5873

Expedite/Overnight Delivery – Delivered to the street address given below.***Delivery in Person – Delivered to the following address:***

State Controller's Office
Unclaimed Property Division
10600 White Rock Road, Suite 141
Rancho Cordova, CA 95670

Claim Approval or Denial

The SCO will review and approve or deny a claim package as soon as possible upon receipt of all required documentation substantiating the claim.

The SCO notifies the investigator in writing if:

- The claim form is incomplete or not signed and notarized where required;
- The Investigator Agreement is incomplete or not in compliance with SCO guidelines;
- The person claiming the property is not entitled to the property or the documentation provided does not clearly prove the relationship of the claimant to the estate's decedent. In this case, the entire claim package is returned to the investigator;
- The claim is already in process; or,
- The account was previously paid.

An investigator may reopen a closed claim by submitting an investigator agreement, a blue claim form, and all required documentation to validate the claim request.

Payment of Claims

Investigator claims are paid according to the procedures below. Exceptions may be considered in extenuating circumstances, but only upon the written request by the claimant.

1. The payments are recorded against the claimant's Social Security or tax identification number.
2. Whenever the claimant/heir resides in a foreign country, special processing of the payment may be considered.
3. The amount of the investigator's fee must be agreed upon by the claimant and the investigator prior to the submission of the claim.
4. Pursuant to CCP section 1321 (b), no owner of unclaimed property is entitled to receive interest on the property after the date on which the property is reported to the State Controller's Office, whether or not he or she was entitled to such interest prior to such report.
5. The SCO pays claims submitted by investigator/heir finder companies by one of two methods:
 - a. In cases where the wording in the Standard Investigator Agreement - Estates specifically assigns to the investigator/heir finder a percentage of the payment, we will mail two warrants for each claim. One warrant, made payable to the claimant, will be mailed directly to the claimant for his or her agreed-upon percentage; and a second warrant, made payable to the investigator/heir finder, will be mailed directly to the investigator/heir finder for his or her agreed-upon percentage.
 - b. In cases where the wording in the Investigator Agreement does not specifically assign to the investigator/heir finder a percentage of the payment, a warrant for the entire payment, made payable to the claimant, will be mailed directly to the claimant at the mailing address of the claimant provided on the claim form. At the time the claim is approved, a letter will be mailed to the claimant informing them that even though they will be receiving the payment directly, they are not relieved of any contractual obligation they may have with the investigator/heir finder with whom they signed a contract. We will also send the investigator/heir finder a copy of this letter.

Check the Status of Your Claim

You may check the status of your claim online at <https://scoweb.sco.ca.gov/UCP/ClaimStatusSearch.aspx>. Enter the Social Security number or your nine-digit FEIN in the search box. When entering a FEIN, please be patient as it may take several minutes for all properties to load. Once the data is fully loaded, on your browser menu, select “edit”, then “find on this page” and enter the property identification number (PID) of your inquiry.

For inquiries on claims containing securities, please allow up to 180 days from the approved date shown online as staff must research and apply any corporate actions, such as dividends or mergers, initiated by the company, which affect the value of the securities. In most cases, this process can be completed within 90 days. If the securities have not been sold, they will be sent in the form of shares and information will be mailed to the claimant regarding how the securities will be transferred into the claimant’s name.

If, however the securities have been sold, we will return the proceeds from the sale along with any dividends issued prior to the sale. Please be advised that the SCO is required, by state law, to sell securities between 18 and 20 months after the due date for reporting the property to the state.

If the claim contained cash property, a separate check for the cash property will be mailed within 60 days of the approval date shown online.

Interagency Intercept Program

Effective September 2, 2009, all cash claims and claims paid by proceeds of liquidated stock may be subject to offset by the Franchise Tax Board’s Interagency Offset Program (FTB). Therefore, if a claimant owes a debt to a California State Agency, city or county, the payment will be intercepted and reduced by the amount of the debt. Any remaining balance will be sent to the claimant. If the claim is offset, the FTB will send a notification letter to the claimant; the investigator will not be notified. This process will not affect the investigator’s payment, provided the investigator agreement specifically assigned the investigator/heir finder a percentage of the payment. If the investigator agreement did not specifically assign a percentage to the investigator, the entire payment will be subject to offset.

Note to Investigators: Please advise your client to contact the agency listed on their letter if they have any questions. The SCO only has general information regarding the offset and is not made aware of the offset until it occurs.

<p>Each of the undersigned claimants affirms that claimant has read the claim and knows the contents thereof, and that claimant is the sole owner of the said claim and the sole person entitled to receive the money and property set forth in said claim. Each claimant certifies under penalty of perjury that original instruments such as securities certificates, checks, passbooks, etc., have been submitted or, if unable to produce such said original instruments, certifies that claimant has not sold, pledged, hypothecated or otherwise transferred said instruments or any interest or right therein. If said instruments are found by claimant, the claimant agrees to deliver them to the State Controller's Office for cancellation. Each claimant agrees to indemnify and hold harmless the State, officers and employees from any loss resulting from the payment of said claim.</p>
